

PERSONALIZED PLASTIC CARD SOLUTIONS

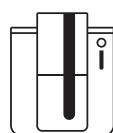

MUCH MORE THAN CARD PRINTERS

Signature pads

Software

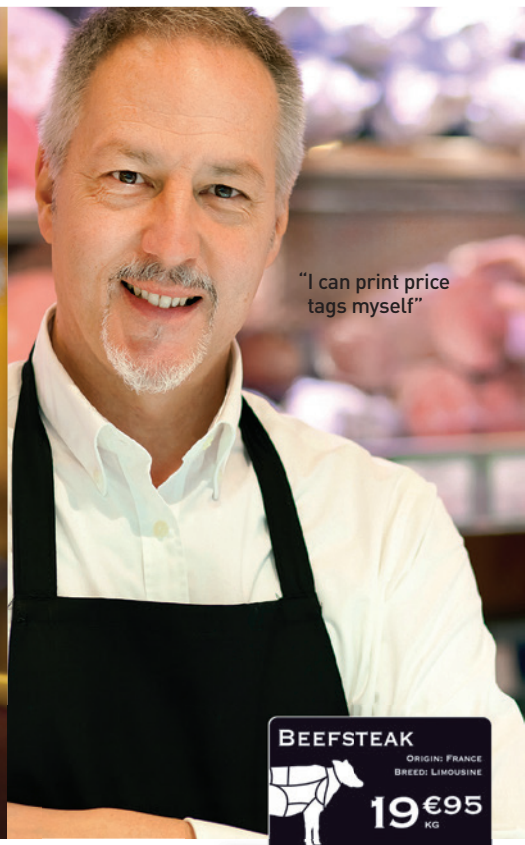

Card printers

Accessories

Services

PERSONALIZED CARDS FOR MULTIPLE APPLICATIONS

With Evolis printing systems, you can produce all kinds of personalized plastic cards:

- Staff ID badges
- Visitor badges
- Student cards
- National ID cards
- Driver's licenses
- Voter registration cards
- Loyalty cards
- Gift cards
- Price tags
- Bank cards
- Health cards
- Membership cards
- Event badges
- Transit passes
- Secure access cards and much more

Card personalization requires cutting-edge technology, both in printing and in data encoding.

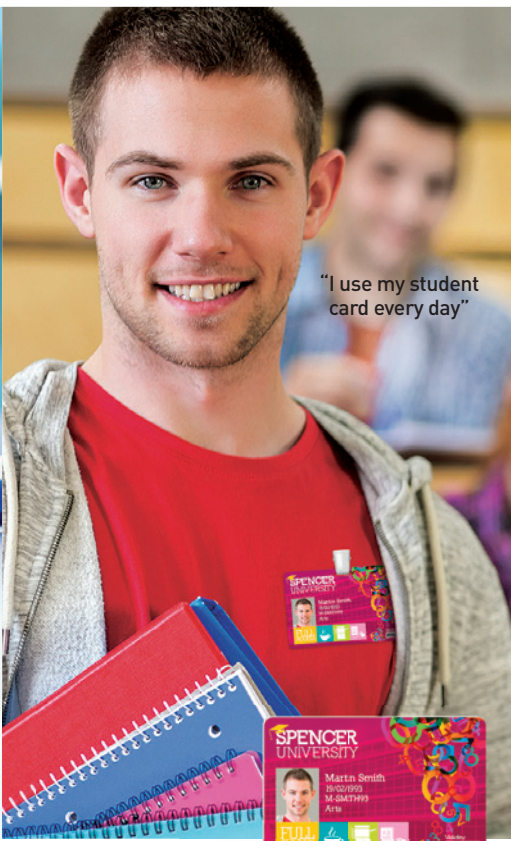

- **Printing backgrounds**
- **Graphic personalization**
Texts, photos, logos, barcodes
- **Security**
Lamination, standard or personalized holograms

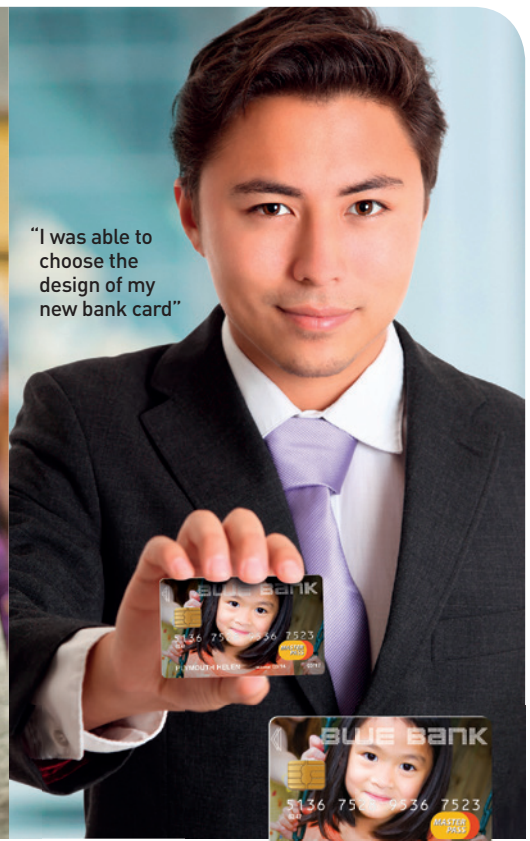

- **Data encoding**
 - Magnetic stripe
 - Chip
 - RFID contactless chip

“Our patients should be able to identify us at a glance”

“I use my student card every day”

“I was able to choose the design of my new bank card”

INSTANT ON-SITE PRINTING OF YOUR CARDS AND BADGES

Using Evolis solutions, you can personalize your cards independently, directly on-site, and whenever you like.

Save time

- Respond to all requests, even last minute ones
- Issue badges on the spot

Increased freedom

- Free yourself from the constraints of your current card provider by having to adhere to minimum order quantities and delivery times
- Let users choose the design of their card

Control costs

- Your card cost remains identical, whatever the volume of printed cards, making a low-quantity print run possible
- Issuing your own cards means you can save on delivery costs for centrally printed cards

Strengthen your brand image

- Create high-quality and personalized badges in your company colors
- Increase user satisfaction with cards they can start using immediately and be replaced quickly in the case of loss or theft

A CARD PRINTER FOR EVERY OCCASION

BADGY200

The affordable card printer, for printing single cards or in small runs

ZENIUS

The compact, versatile card printer, for printing single cards or in small or medium runs

PRIMACY

The fast, multi-purpose card printer, for printing medium or large runs

SOFTWARE SOLUTIONS FOR CARD CREATION

It's easy to create and personalize all your cards with the cardPresso software. Already chosen by more than 100,000 users worldwide, cardPresso is available in 18 languages:

- Intuitive software that requires little training for users
- Total creative freedom: use your own design or choose from dozens of available card templates
- Advanced functionality: encoding (magnetic stripe, contact and contactless chip), database management, etc.
- Free updates
- Several software versions to meet all your needs
- Compatibility with Mac and Windows® environments

The cardPresso software comes as standard with the Zenius, Primacy, Avansia, and Quantum printers.

CARDPRESSO SPECIAL EDITION

cardPresso Price Tag edition has been specially developed for printing price tags on plastic cards. It includes:

- Free price tag templates
- A chalk font for authentic-looking price tags
- A connection to Microsoft Excel databases to directly import information onto the cards.

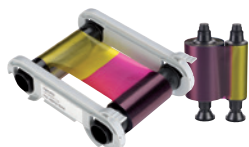

A COMPLETE RANGE OF CONSUMABLES

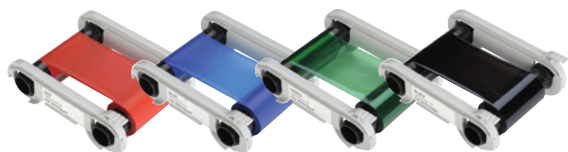

Specially developed for optimal print quality with our printing systems, Evolis High Trust® consumables offer a wide range and card costs are among the most attractive on the market.

PRINTING RIBBONS

- Large selection of printing ribbons to meet every requirement
- Easy to use with automatic recognition
- Highly independent printers due to high-capacity ribbons
- Cost-effective solutions: 1/2 panel color ribbons, monochrome ribbons with a ribbon-saving feature

Color ribbons

Monochrome ribbons

Metallic gold and silver ribbons

Specific ribbons:
signature panel, scratch-off

SECURITY RIBBONS

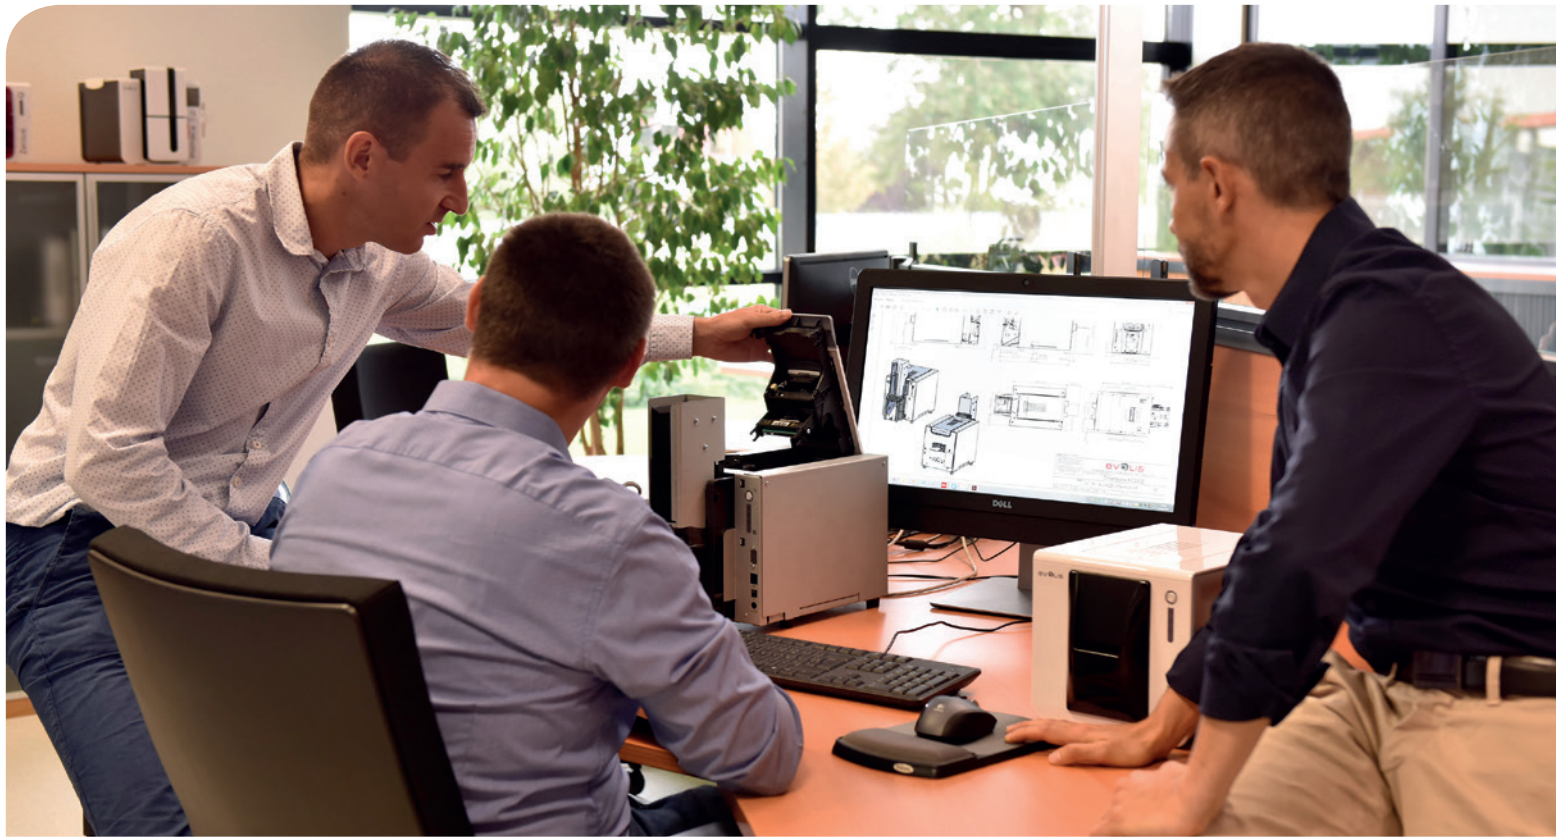

- A range that meets every requirement: UV film, holographic ribbons, patches and varnishes that can be applied on all types of cards (with chip, with magnetic stripe)
- Possibility to develop personalized holograms for specific projects

CARDS

Various types of cards are available: white, black, thin, thick, PVC, PET, rewritable, pre-perforated, with magnetic stripe, etc.

TAILOR-MADE PRINTING SOLUTIONS

OUR EXPERTISE AT YOUR SERVICE

Our ability to respond to specific needs is unique in the market, notably through its Project Hub, which is a department dedicated entirely to researching and implementing tailor-made solutions.

Our experts build your ideal solution based on our card printing systems:

- Specific printers: rewritable technology, card-by-card printing, laser engraving
- Print modules integrated into self-service machines or other larger equipment
- Integration of third-party materials (scanners, specific encoders) into the printers
- Connection to and communication with existing systems

As our research and production units work closely together, we can offer personalized solutions with the best lead times and conditions, while guaranteeing optimal follow-up.

A FULLY PERSONALIZED OFFER

In addition to solutions relating to equipment and software, the Projects team also adapts the entire Evolis offer to your needs:

- Specific support for your project
- Tailor-made development of consumables
- Adaptation of our services offer

A PERSONALIZED SERVICES OFFER

We have a wide range of services at your disposal for complete peace of mind:

Project support

A dedicated team to support you throughout your project, from examining its feasibility through suitable solution deployment on site to ongoing maintenance and improvement.

Training

Our technicians ensure that your teams are trained on the card printing solutions.

Hotline and after-sales support

Evolis solutions are distributed by more than 400 officially certified partners in 140 countries. If your equipment breaks down, your closest distributor will handle its repair.

Warranty extensions

For even more peace of mind, you can extend the warranty on your equipment and enjoy up to 4 years of coverage.

ACCESSORIES TO MAKE IDENTIFICATION EVEN EASIER

Evolis offers an essential range of accessories to maintain and protect your cards:

- Badge and card holders with several levels of security
- Lanyards of various sizes and materials
- Fasteners: zips, clips
- Briefcases to optimize distribution of your badges
- Card holders so you can identify your goods (presentation or price tags)

PERSONALIZATION OF YOUR ACCESSORIES

Create accessories in your own colors! For your project, you can benefit from:

- The expertise of a professional team
- Implementation of a press proof
- Compliance with delivery times
- Systematic quality control.

SECURE ACQUISITION OF SIGNATURES

The Evolis Sig100 and Sig200 signature pads make it easier to digitize signatures in order to optimize the validation processes of various electronic documents: official documents, ID cards, contracts, forms, etc. Use of your documents signed in this way becomes easier: e-mail transmission, automated archiving, etc.

Sig100 and Sig200 provide:

- Easy signature on a large screen
- High-resolution digitization, including biometric data
- Signature capture in just a few seconds
- Secure digitization using data encryption
- Broadcasting color ads to your users via the Sig200 screen.

DEDICATED SOFTWARE *signoSign²*

This software makes signature capture easy:

- Creation of your own document models with a view to automating their signature process
- Conversion of all document types to PDF format in order to validate them by adding the digitized signature
- Easy software integration into your existing document management system

THE EVOLIS GROUP, WORLD LEADER

A PARTNER OF CHOICE

- Headquarters and production site in Angers (France)
- Installed base of more than 280,000 card printers
- Subsidiaries in Miami (United States), Singapore, Mumbai (India), and Shanghai (China)
- More than 300 employees worldwide
- 400 official distributors in 140 countries
- ISO 9001 certified company

Created in 2000, the Evolis group designs, produces, and markets a complete range of plastic card printing and customization solutions for the identification of people and property. With a presence on every continent, Evolis is now the world leader for plastic card printing solutions.

Having carried out many small to large-scale projects in various regions of the world and in highly diverse fields, the printing systems and expertise of Evolis are widely recognized by many companies and organizations.
